

## **Accessibility Statement**

This website is under active development and is being tested on an ongoing basis using screen readers, manual inspections and regular testing by a range of users.

To help us make Abaset Collections a useful resource for everyone, we've been using the Web Content Accessibility Guidelines (<https://www.w3.org/TR/WCAG/>). These guidelines explain how to make web content more accessible for disabled people, and user friendly for everyone.

The guidelines have three levels of accessibility (A, AA and AAA). We've chosen Level AA as the target for Abaset Collections.

AbilityNet (<https://mcmw.abilitynet.org.uk/>) has advice on making your device easier to use, for disabled web users.

We are working hard to ensure Abaset Collections is as accessible as possible, please get in touch with any feedback at [abasetcollections@outlook.com](mailto:abasetcollections@outlook.com).

*This accessibility statement was prepared on 9<sup>th</sup> October 2020.*
